Electrical Hookups *(please read carefully)*

The Festival has a limited supply of electrical outlets; therefore we must understand your exact electrical requirements to determine if we can service your operation, and if so, where you will be placed. You will need to bring extension cords sufficient to run to your power location. If you will need 110 power, a 100ft. extension cord will be sufficient. In order to prevent electrical circuit overloads, you will not be allowed any more hook-ups on Festival Day than those requested below due to electrical load limitations. In addition no gas generators will be allowed.

Appliance to Run _____ 110v _____ Total Amp Capacity _____

Appliance to Run _____ 220v _____ Total Amp Capacity _____
